TECHNICAL SKILLS

Languages
JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries
React, Vue.js, React Native, Express.js

State Management
Redux, Redux Toolkit, Pinia

Styling & UI
Tailwind CSS, Styled-Components, Bootstrap, React-Bootstrap

Tools & Workflow
Git, GitHub, Jira, Vite, REST APIs, Axios, PWA

Databases & Backend
Firebase, MongoDB, Node.js

Animations & Charts
Framer Motion, Lottie, ApexCharts

Internationalization
i18next, react-i18next

AI Tools
Copilot, GPT, Gemini, Windsurf, Claude

Other
Miro, PowerBI, React Native OneSignal, Gifted Chat, SharePoint, Adobe Creative Suite

Profile

Junior web developer with **5+ years of hands-on project experience** in full-stack development. Passionate about building responsive, user-friendly apps and solving data-driven challenges. Backed by 8 years in healthcare operations, bringing strong problem-solving, coordination, and analytical skills to tech teams. A proactive self-learner with a keen interest in modern software and hardware trends, development tooling, and continuous improvement.

Development Experience

Vue 3 Job Tracker (PWA-ready) ⎘

- Developed a comprehensive job application tracker using **Vue 3, Pinia, Tailwind CSS v4, and TypeScript**.
- Explored Vue's Composition API, comparing it to React for state management and component architecture.
- Implemented a clean, responsive UI entirely with Tailwind CSS, drawing inspiration from industry best practices.
- Integrated **ApexCharts** for customisable data visualisation and **Firebase** for real-time data updates and admin-only authentication.
- Designed as a Progressive Web App (PWA) with offline capabilities and fast load times.
- Leveraged AI tools (GPT, Gemini, Claude) extensively for logic, debugging, and design decisions, enhancing development efficiency.

PWA React App (Tattoo Studio Website) ⎘

- Designed and developed a fully responsive, PWA-ready website for a tattoo studio using **React, Styled-Components, and Framer Motion** for animations.
- Features include browser language and theme detection, user-adjustable settings, and a custom PWA installation flow.

Real-time React Native Chat App ⎘

- Developed a real-time Android chat application with user **authentication**, **push notifications**, smooth animations, and a flexible, user-friendly interface.

Dynamic React-Redux Calculator ⎘

- Built a dynamic calculator replicating Windows calculator logic and functionality using **React hooks (useState) and Redux Toolkit (RTK)** for state management.

Vanilla JS Personal Portfolio Page ⎘

- Created a dynamic portfolio showcasing signature projects, implementing features like **lazy loading** and **pop-state** event manipulation using **vanilla JavaScript**.

Professional Experience

Rota Coordinator, *Doctorcareanywhere.com*

2023 – present | London, UK

- Manage complex workforce scheduling using tools like Quinyx, Dynamics, Jira, and PowerBI.

Education

Vue crash course, *YT*

2025 | London, UK

- In-depth training in Vue.js, covering core concepts, routing, state management (Pinia), and the Composition API.

Typescript Bootcamp: Beginner To Advanced, *Udemy*

2024 – 2025 | London, UK

- Comprehensive training in TypeScript fundamentals and advanced concepts through practical projects, including building a Node.js REST API with Express and TypeORM.

The Complete 2022 Web Development Bootcamp, *Udemy*

2021 – 2022 | London, UK

- In-depth training in web development with hands-on projects, covering HTML5, CSS3, JavaScript, jQuery, Node.js, EJS, React, MongoDB, and more.

L5 Management and Leadership in Healthcare,
Highfield Qualifications

2019 – 2020 | London, UK

- Advanced training in leadership and management practices within healthcare settings.

L3 Diploma in Health and Social Care, *Impact Futures*

2016 – 2017 | London, UK

- Practical knowledge and competency development in healthcare systems.

Bachelor's degree, School Teacher (arts), *KTIF*

2005 – 2009 | Debrecen, HU

- Focused on pedagogy, psychology, and arts.

Mathematics and Informatics (2 finished semesters),
University of Debrecen

2004 – 2005 | Debrecen, HU

- Explored core mathematical concepts including algebra, linear algebra, mathematical logic, and analysis.

- Coordinate tasks and workflows via Miro/SharePoint, and create custom reports for internal/external teams.
- Support HR and Patient Experience, including clinician on/off-boarding and administrative duties.

Deputy Manager / Care Coordinator, *Caremark*

2021 – 2023 | London, UK

- Led quality management and compliance initiatives (CQC), supervised staff, and organized training.
- Managed key client relations, budgeting, payroll, and invoicing tasks.

Care Coordinator, *Caremark*

2020 – 2023 | London, UK

- Optimised care worker allocation using Staffplan and PASS systems.
- Implemented management information processes and generated statistical reports for senior management.

Field Care Supervisor, *Caremark*

2018 – 2019 | London, UK

- Supervised care workers, conducted risk assessments, and provided training and mentorship.

Various Positions, *Various Customer Service Roles*

2012 – 2018 | London, UK

- Demonstrated adaptability and problem-solving in diverse service and logistical roles.

School Teacher, *Damjanich J Primary School*

2010 – 2011 | Hungary

- Developed strong organisational and pedagogical skills through teaching and event coordination.

Skills

- Analytical thinking
- Project management
- Adaptability and quick learning
- Problem-solving
- Proactive mindset
- Continuous Learning
- Strong task coordination
- Team Collaboration

Passions

- Technology & Software Trends
- Hardware / Software News
- Photography
- Music
- Science
- Astronomy
- Martial Arts
- Longboarding
